    i. This gives you access to watsonx Discovery, watsonx Assistant, watsonx,ai. & much more. For this Lab let's focus on watsonx Discovery and maybe watsonx.ai. **NOTE:** If you did **NOT** receive this email, check Junk/Spam or email partik.dullat@ibm.com immediately

4. To access watsonx Orchestrate please login using your IBMId to this URL: https://dl.watson-orchestrate.ibm.com/home

5. You should now have access to everything you need... Please follow the **Configure built-in conversational search using the Granite LLM in watsonx.ai and Elasticsearch.pdf** to get comfortable with the tools
    - Links:
        i.   wxO: https://dl.watson-orchestrate.ibm.com/home
        ii. wxD(& much more): https://cloud.ibm.com/login (you should have received links and credentials via email to start the lab. If not, contact Partik.dullat@ibm.com)
